Questions you might ask your family member –

- ◆ Have you ever seen a problem like this before?
- ◆ Where do you think is a good place to start?
- ◆ Do you have any suggestions about how we could visualize what's happening in this problem?
- ◆ Are there any patterns we can find?
- ◆ Will you help me figure out what the problem is asking?
- ◆ Can you think of a time when this type of problem would come up in real life?
- ◆ Does our answer seem reasonable and make sense? How can we be sure?
- ◆ What questions can we ask my teacher to help us better understand how to solve this type of problem?
